On May 28, Good Neighbors India joined the global movement to mark Menstrual Hygiene Day, at Deepalaya Learning Centre and Community Learning Corner, Jahangirpuri. This year's theme, #PeriodFriendlyWorld, inspired us to create safe spaces for adolescents to learn, ask questions, and speak freely about menstruation — breaking taboos and fostering dignity.

The aim of the event was to raise awareness about menstrual hygiene, break taboos surrounding menstruation, and empower adolescents—especially girls—with knowledge and tools for managing their menstrual health confidently and with dignity.

## MENSTRUAL HYGIENE DAY 2025

A **menstrual tracker** bracelet was introduced as a simple, user-friendly tool to help girls track their menstrual cycle, understand their body's rhythm, and manage their periods with greater awareness and confidence.

### Key results

# Good Stories

## Annual Child Letter

We're enjoying our summer holiday by writing letters to our sponsors those who bring happiness into our lives. This year, 644 children from Karnataka, Tamil Nadu, and Andhra Pradesh are sending their love and thanks through colorful drawings and letters.

In our messages, we share stories of our daily life, the people who make our days special, and our creative expressions. This is our way of saying THANK YOU for all the support and encouragement you've given us. You make our journey brighter!

This is more than just writing—it's our way of saying THANK YOU for your unwavering support and kindness. Your care inspires us to dream bigger, study harder, and smile brighter every day.

You are part of our journey—and we're so grateful you're walking it with us! 📧🌈

**YOUR SUPPORT HAS THE POWER TO TRANSFORM FUTURES.**

**DONATE NOW**

Together, we can empower millions of children and build a strong foundation for lifelong learning.

When girls and women are supported to complete their education, barriers are broken and new opportunities in education and employment are unlocked.

By equipping youth with essential skills and connecting them to jobs and entrepreneurship, we pave the way for brighter, more resilient futures.
